Project Description:

Project to foster and create wealth in minority communities and to help spur job creation.

Intended Recipient of Funds

Greater Ashburn Planning Association

8316 S. Kedzie Avenue

Chicago, IL 60652

Explanation of the request:

This project would benefit taxpayers by providing a new diversified business mix of quality goods and services based on market assessment and demand. In addition this project would provide a demand from private investors for retail/residential development projects as well as a strong economic base, consumer confidence and property value appreciation. Furthermore, this project will provide local community jobs due to business growth and retention as well as diverse, quality retail businesses that represent strong retail markets and become attractive places to shop and do business.
